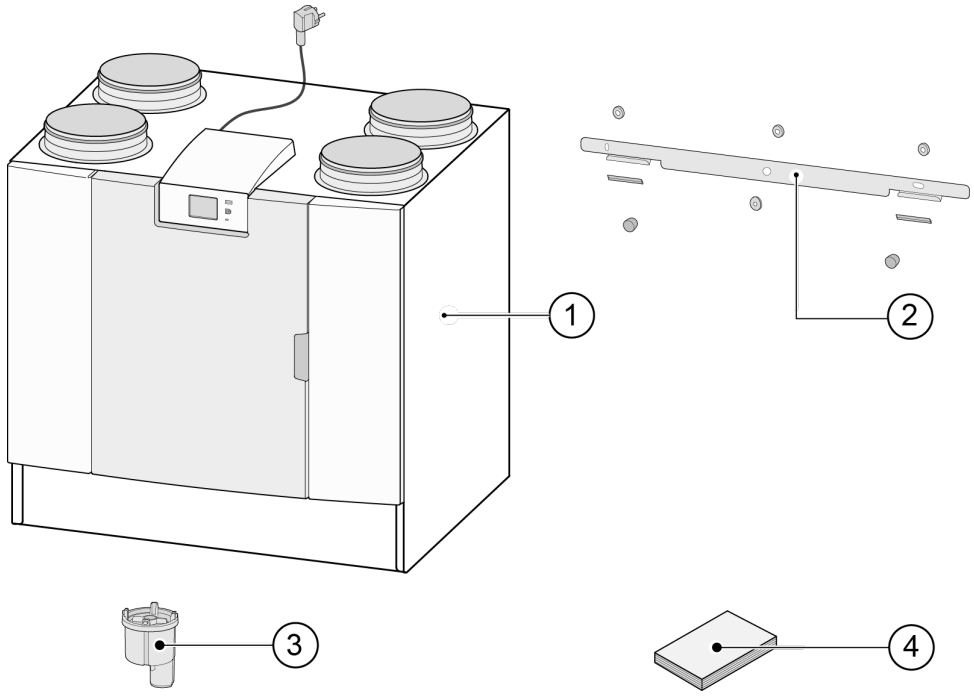
1.1 Delivery size

Before installation of the heat recovery appliance is started, check that it has been supplied in complete and undamaged condition.

The delivery size of the heat recovery appliance type Flair 450/600 consists of the following components:

1. Heat recovery appliance
2. Wall mounting bracket consisting of:
   - 1x mounting bracket
   - 2x protective caps
   - 2x rubber strip
   - 3x rubber rings
   - 1x washer
3. Siphon
4. Documentation set consisting of:
   - 1x short installation instructions
   - 1x occupant's instructions



2 General

The Flair 450/600 is a ventilation unit with heat recovery for the balanced ventilation of dwellings.

Features:

- Maximum capacity 450 m³/h or 600 m³/h
- High efficiency heat exchanger
- Filters ISO Coarse 60%
- Modular electric preheater
- Automatic bypass valve
- Touchscreen
- Adjustable air quantity
- Filter indication on the appliance and the possibility of a filter indication on the multiple switch
- An intelligent frost protection
- Low sound level
- Constant flow control

The Flair 450/600 is available in two types:

- **the "Flair 450"**
- **the "Flair 600"**

For al the Flair 450/600 there is an optional Plus PCB available with more functions/ connection possibilities (> Electrical diagram page 36).

These installation instructions describe both the standard Flair 450/600 and the Flair 450/600 with optional Plus PCB.

The Flair 450/600 are available in **Left-hand** and **Right-hand** versions; it is not possible to convert the left and right-hand models into one another.
For the correct connection ducts and dimensions (> Connections and dimensions page 9).

For continues balanced ventilation, we recommend, using an additional external preheater for environments with a outside temperature less then -10 °C.
When the appliance is placed in an area where very cold outside air is expected for a long time (<-15 °C), an extra preheater (see → Connecting preheater page 47) must always be installed

The appliance comes ready to plug in with a 230 V mains plug.
